NSA Director Of The Year

"THE SWING ZONE is a great training aid."

"THE SWING ZONE adds a whole new dimension to any standard pitching machine, not only for your hitters, but for catchers, infielders and outfielders as well."

"It's taken 20+ years, but with THE SWING ZONE, the pitching machine can finally be used for how it was intended - to simulate real game situations and not deliver the ball in the same, predictable location each time."

NATIONAL SPORTS CLINICS

June 1, 2005

We have used THE SWING ZONE with our team for hitting, bunting situations, with our catcher, and other game like situations. I found THE SWING ZONE to be an excellent tool, and recommend it without hesitation to all coaches who coach competitive softball teams. THE SWING ZONE will enhance any teams hitting performance.

To make a long story short, after practicing with THE SWING ZONE our team made it to the Kansas State tournament for the first time in 5 years. We did not win the tournament, but with starting 5 freshmen on the team we tied for 5th place.

The Swing Zone is excellent and our kids enjoyed the challenge it provided for them.

Sincerely,
 Mary Nutter
 NSC President
